

GRANITE

Country of Origin:

Norway

Description:

Blue Pearl is a vibrant, steel-blue stone accented generously with silver facets, and black occlusions. This stone has a mica grain which gives it a deep, open appearance, and its coloration hints at the Norwegian climate. Sometimes known as Blue Pearl Royale, it offers a distinctive, regal appearance.

Characteristics:

Compressive Strength: 24,022

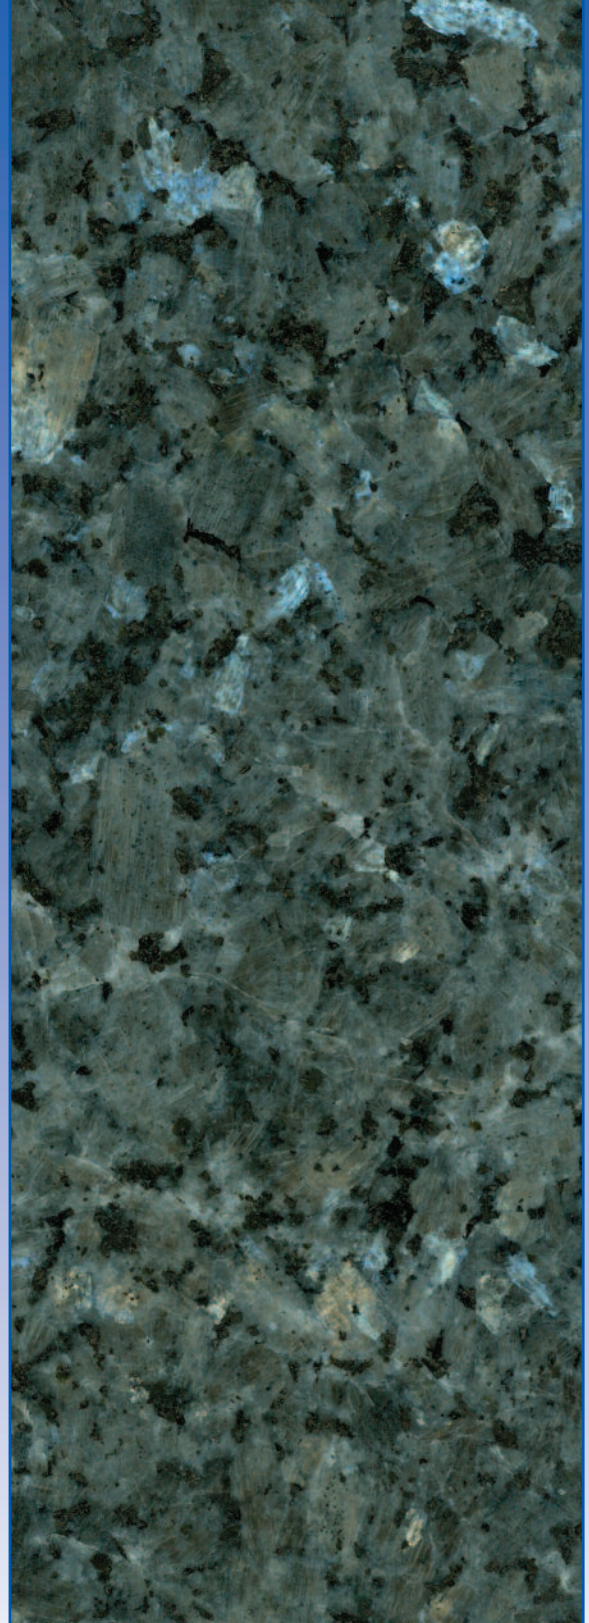

Flexural Strength: 2,024

Absorption: 0.18

Density: 163.92

Note: Physical properties are provided for general comparisons. For specific applications and design engineering please contact your Lang Sales Representative for current ASTM testing data.
