

GRANITE

Absolute Black

Country of Origin:

Zimbabwe

Description:

Absolute Black, as the name suggests, is the purest black of all granites. It has a highly reflective, virtually unblemished surface which is only marked by small sugary-grained, crystalline flecks.

Characteristics:

Compressive Strength: 42,828

Flexural Strength: 3,982

Absorption: 0.016

Density: 186.59

Note: Physical properties are provided for general comparisons. For specific applications and design engineering please contact your Lang Sales Representative for current ASTM testing data.

Applications:

Absolute Black is used for a wide range of architectural details, but most commonly for countertops and pedestrian surfaces. This granite is typically available in 3 cm or 1-1/8" thickness for use on kitchen and bath counter surfaces as well as paneled walls such shower stalls. It is also available in 1 cm or 3/8" thick, 12" x 12" tiles for both floor and wall applications. Other sizes may be purchased based on availability.
