

GRANITE

Blue Pearl

Country of Origin:

Norway

Description:

Blue Pearl is a vibrant, steel-blue stone accented generously with silver facets, and black occlusions. This stone has a mica grain which gives it a deep, open appearance, and its coloration hints at the Norwegian climate. Sometimes known as Blue Pearl Royale, it offers a distinctive, regal appearance.

Characteristics:

Compressive Strength: 24,022

Flexural Strength: 2,024

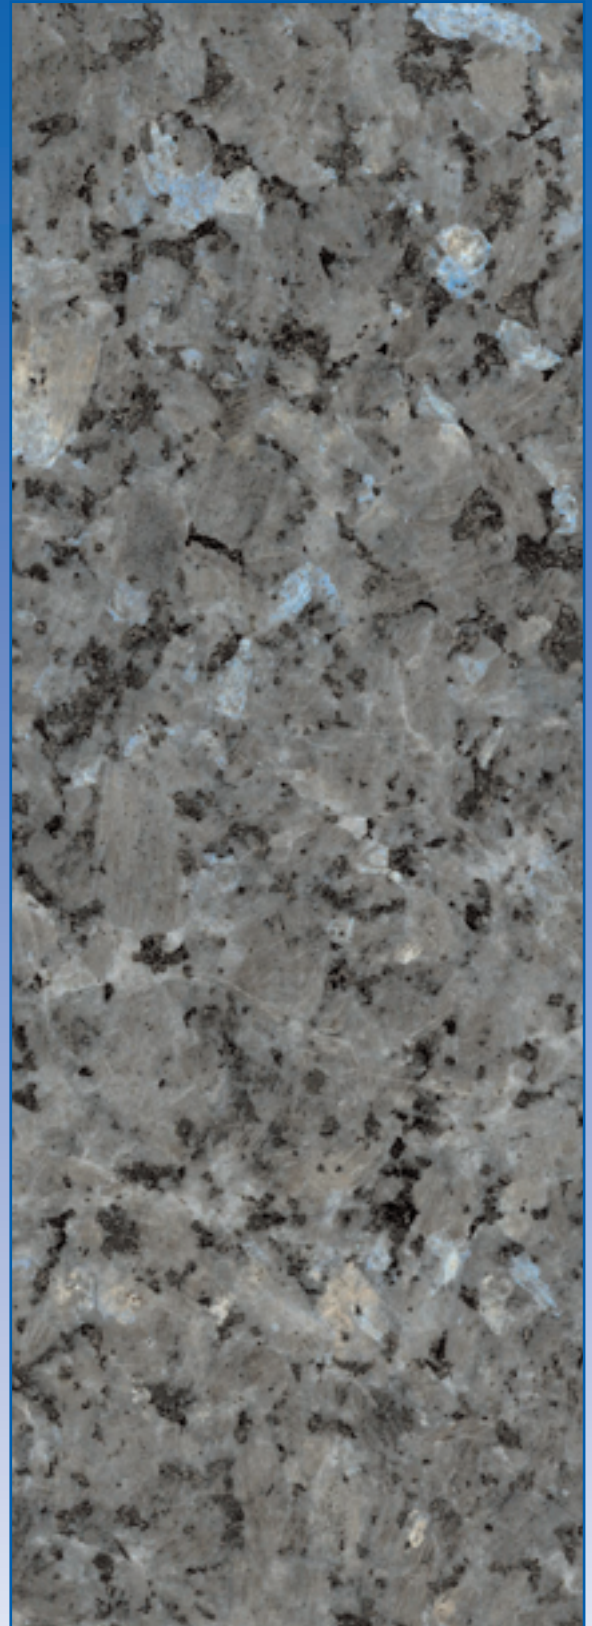

Absorption: 0.18

Density: 163.92

Note: Physical properties are provided for general comparisons. For specific applications and design engineering please contact your Lang Sales Representative for current ASTM testing data.

Applications:

Blue Pearl is used for a wide range of architectural details, but most commonly for countertops and pedestrian surfaces. This granite is typically available in 3 cm or 1-1/8" thickness for use on kitchen and bath counter surfaces as well as paneled walls such shower stalls. It is also available in 1 cm or 3/8" thick, 12" x 12" tiles for both floor and wall applications. Other sizes may be purchased based on availability.
