

GRANITE

Giallo Veneziano

Country of Origin:

Brazil

Description:

Giallo Veneziano is a small to medium-grained granite whose landscape is often decorated by large chunks of mica. The predominate color of the stone can range from a golden brown to a peach hue. The large mica chips are often the same color as the rest of the stone. However the smaller chips may be black or rust in color, with occasional speckles of white.

Characteristics:

Compressive Strength: 21,535

Flexural Strength: 1,323

Absorption: 0.18

Density: 160.19

Note: Physical properties are provided for general comparisons. For specific applications and design engineering please contact your Lang Sales Representative for current ASTM testing data.

Applications:

Giallo Veneziano is used for a wide range of architectural details, but most commonly for countertops and pedestrian surfaces. This granite is typically available in 3 cm or 1-1/8" thickness for use on kitchen and bath counter surfaces as well as paneled walls such shower stalls. It is also available in 1 cm or 3/8" thick, 12" x 12" tiles for both floor and wall applications. Other sizes may be purchased based on availability.
