

GRANITE

Verde Butterfly

Country of Origin:

Brazil

Description:

Verde Butterfly is a large-grained stone. The body is black with hints of a dark green. Wisps of translucent white provide depth similar to light penetrating a forest canopy.

Characteristics:

Compressive Strength: 37,081.97

Flexural Strength: 1,906.02

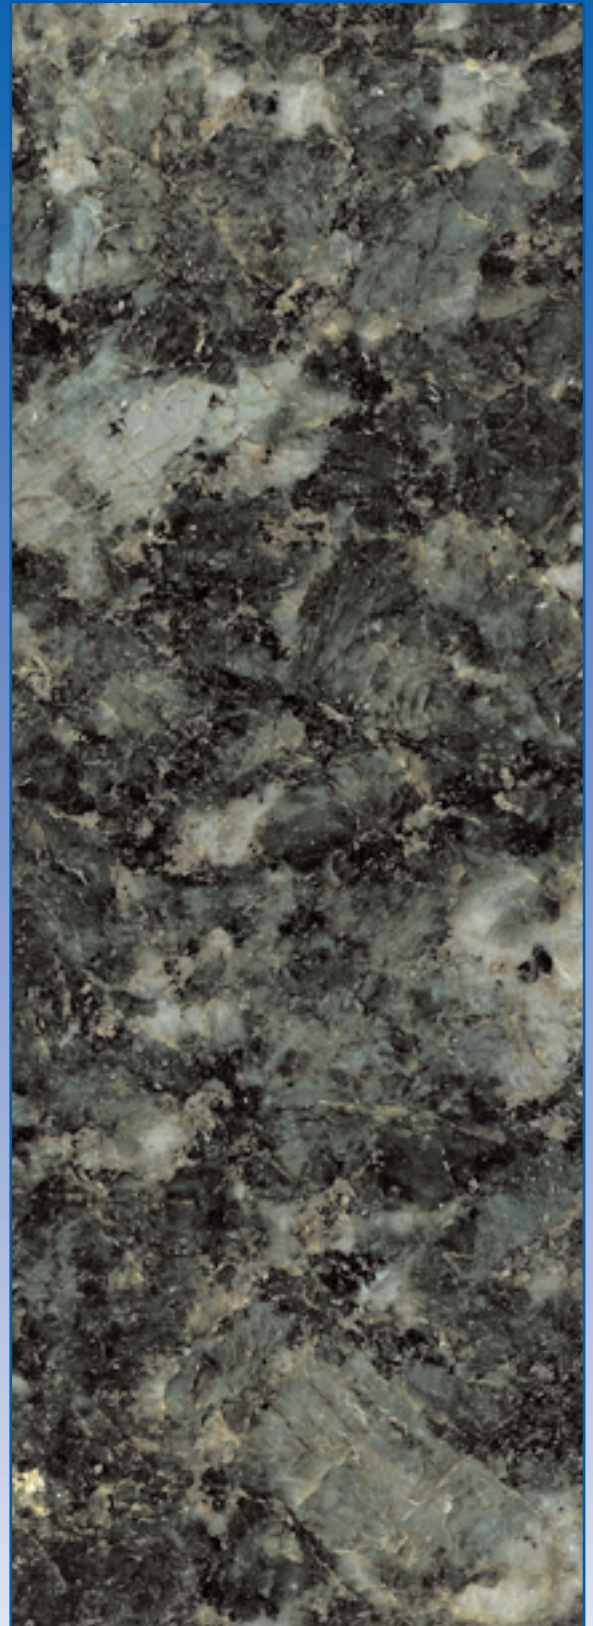

Absorption: .23

Density: 171.74

Note: Physical properties are provided for general comparisons. For specific applications and design engineering please contact your Lang Sales Representative for current ASTM testing data.

Applications:

Verde Butterfly is used for a wide range of architectural details, but most commonly for countertops and pedestrian surfaces. This granite is typically available in 3 cm or 1-1/8" thickness for use on kitchen and bath counter surfaces as well as paneled walls such shower stalls. It is also available in 1 cm or 3/8" thick, 12" x 12" tiles for both floor and wall applications. Other sizes may be purchased based on availability.
