

Granite Cobbles

Description:

Granite Cobbles are a versatile stone with many landscape uses, but use as a paver remains the most popular. The sturdy qualities of granite, and the textured face of the stone, yield a classic look for driveways and patios. Other popular uses include garden edging, detailing within concrete paver projects and as a veneer stone.

Characteristics:

Size: 3" x 6" x 12", 5" x 5" x 9"

Color: Gray to light bluish-gray

Finish: Split and bush-hammered faces

Coverage: 30 - 35 sq. ft. per ton (5" x 5" x 9")

45 sq. ft. per ton (3" x 6" x 12")

Packaged: Palletized

Complimentary Stone:

Granite Cobbles look great with landscape walls of Sycamore® Blue Thin Wallstone. For nearby accents, Granite Boulders are a good compliment.
