

River Boulders

Description:

River Boulders, or Cobbles, are primarily round, granite pieces, in colors ranging from red to green to gray and may include some rounded limestone boulders. They make great accents to any garden bed and can often be found mixed into stream and pond designs. In a more structured look, they make a nice edge for perennial beds and can also be used as a masonry veneer.

Characteristics:

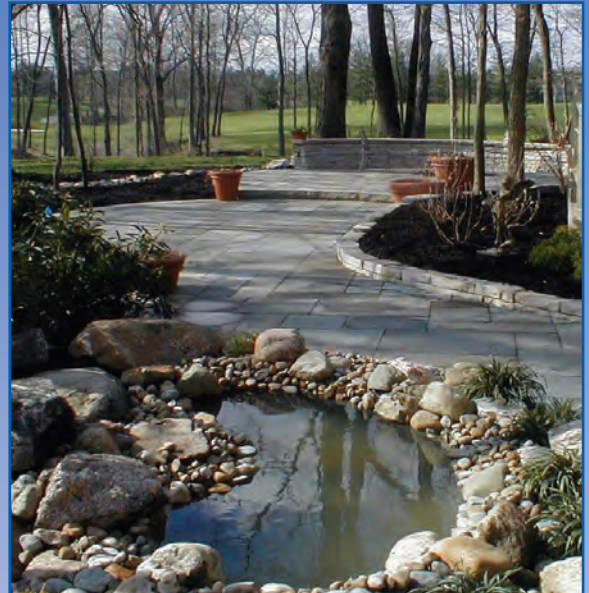

Rounded boulders

Size: 5" to 8" or 8" to 14"

Color: Pinks, greens and grays

Type: Granite

Packaged: Palletized

Complimentary Stone:

River Cobbles blend nicely with 1" to 4" Local Wash Gravel in stream and pond work. Their wide color range makes it easy to mix with other stones such as Ottawa™ Buff Flagging or Ohio Gold Wallstone.
